

Ban Fracking in Ireland

The Pledge

"As a candidate for election to Dáil Éireann, I pledge that, if elected, I will actively support legislation to ban unconventional exploration or extraction of oil or gas and/or the use of high volume hydraulic fracturing (fracking) in Ireland.

I make this pledge to support the health and safety of the people of Ireland, to address climate change by rejecting another source of fossil fuels, and to protect our international reputation for clean air, water and land, threatened by fracking."

Who Signed?

Name	Constituency	Party
Mick Barry	Cork North Central	AAA/PBP
