

*These are photos I took when I visited Barton Moss earlier this year. It looks like an industrial fortress landed in the middle of a field. This is not a sight I want to see repeated across the Irish countryside. I won't give up until we've defeated fracking once and for all. And I hope you'll stand with me in this important fight. [Please click here and give what you can.](#)*

*Thanks, Oisín.*
